

Gemtex™ CutFlex™ file sanding belts are an excellent choice for weld removal, finishing and deburring applications involving hard to reach areas with limited access. Our wide range of ceramic, zirconia, aluminum oxide and surface conditioning narrow belts allow the end user to accomplish a broad number of applications on a wide variety of materials.

APPLICATIONS:

- light to medium weld removal
- shaping
- blending and contouring
- surface preparation
- surface improvement and finishing on all metals.

Size Range:

- 3/8" x 13"
- 1/2" x 12"
- 1/2" x 18"
- 1/2" x 24"
- 3/4" x 18"
- 3/4" x 20 1/2"
